

## Swisslax Zebra

### Purpose of the application

The Swisslax Zebra application is used to register players and referees / umpires for integration into [Pointbench](#). Zebra also allows Swiss Lacrosse to manage both players and referee / umpire licenses.

### Registration of players

All players participating in the Swiss Lacrosse League must register on Zebra. Registration can be completed via this link: [Swisslax Zebra Registration](#)

### Registration of referees / umpires

All referees / umpires participating in the Swiss Lacrosse League must register on Zebra. Registration can be completed via this link: [Swisslax Zebra Registration](#)

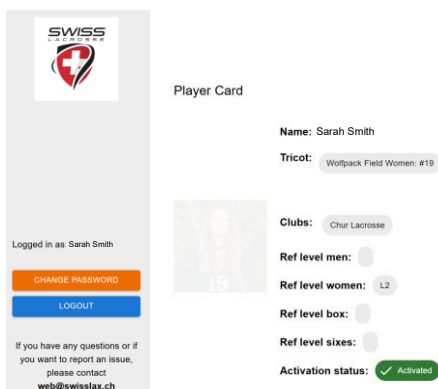

Once registered, referees/umpires are required to select the licenses they possess. If they do not play for a club team, they should register under the club "Swisslax".

License changes can be made by the head referee or umpire of the respective league.

Referee level men No ref license ▾	Referee level women No ref license ▾	Referee level box No ref license ▾	Referee level sixes No ref license ▾

The only action currently available for players and referees / umpires is to change the password set during the registration process. If you want to update any other information in your profile, please contact [web@swisslax.ch](mailto:web@swisslax.ch). In a future version, players and referees / umpires will be able to edit certain data by themselves.

### Data sharing

The following data points about players and referees / umpires will be shared with Pointbench:

- First and last name
- Gender
- Team affiliation
- Jersey numbers
- Referee license information

All other information provided by the player during registration is only accessible to Swiss Lacrosse and will not be shared with third parties.

### Contact

If you have any questions regarding the registration process or other issues, don't hesitate to contact Giancarlo ([web@swisslax.ch](mailto:web@swisslax.ch))!
